PUBLIC SPEAKING

Mrs. Maureen Robinson, 428 Doyle Street, stated that on Labor Day, September 2, 2013, at approximately 8:30 a.m., she was the victim of a predatory, terroristic, humiliating and horrendous armed robbery at gunpoint during her daily walk around the perimeters of Mattano Park. She continued that the assailants demanded cash and robbed her of her house keys, car keys and cell phone.

Mrs. Robinson stated to date, no detective from the Police Department has contacted her to investigate the case nor has any detective called her for an investigatory interview, and/or to possibly identify mug shots of potential predators. She stated further that there is a camera at Fifth Street and Fifth Avenue near the Texaco Station and she requested the film from the date of the violent incident regarding her case and was denied access.

Mrs. Robinson stated that the degree of caring and response to grave incidents of violence by the Elizabeth Police Department wherein and/or African Americans are victimized leaves a lot to be desired.

Council President Gallman informed Mrs. Robinson that Mattano Park is a County Park and maybe she would like to reach out to the County also.

Mrs. Cherisse Simmons, Missionary on a Mission, thanked City Council for all of their help over the years. She continued that her heart goes out to the Spanish residents of this City and asked City Council for their assistance in reaching out to the Spanish residents because all of us have to work together.

Ms. Jennifer Harden, Teacher, Jefferson Academy, Elizabeth, spoke regarding the teachers not having anywhere to park. She continued that there are over 120 staff members who have had to pay approximately $120.00 a month for parking. She stated further that they work past their regular work hours and expressed how stressful it is to have to worry about putting money in the meters and possibly have the vehicles towed.

Ms. Harden asked for City Council's help with their parking situation so they could serve the children of this City.

Ms. Maria Echeverria, 321 Westfield Avenue, stated that she was listening to the teachers regarding parking and she sees on the agenda a parking area for $1.00 and maybe City Council can give that space to the teachers.

Ms. Echeverria spoke regarding the students having to wear skorts or shorts for gym. She believes that the children should be allowed to wear pants.

Mr. Robert Turner, an Elizabeth resident, stated that on each of the schools, he sees the nonsense of the Board of Education with their photos and how great they are.

Mr. Carlos Trujillo, 116 Fulton Street, Commissioner, Board of Education, stated that on the Agenda there is an Ordinance No. 4403, which will provide parking for City employees for $1.00. He continued that the teachers are having a problem with parking and he is hoping for some support in reaching out to the Parking Authority in helping them with parking for their teachers.

Mr. Trujillo stated that as in the past, he has no problem with waiving the fees for City Council to utilize their facilities and we need to work together. He continued that the S.O.A.R. Program is a good program and the Board of Education funds this program, but does not know if the City pays anything toward the program. He stated further that the Board of Education will be opening two new schools at no cost to the taxpayers.

In closing, Mr. Trujillo stated that "we need to stop concentrating on things that we disagree on."

Mr. James Carey, 612 Inslee Place, stated that the E'Port Presbyterian Center delivers food baskets to 435 Westminster Avenue. He continued that the senior is legally blind and has to walk down three flights of stairs because the elevator is inoperable. He stated further that he is concerned and appeals to City Council to have the owner of 435 Westminster Avenue to repair the elevator.

There being no one else present who desired to be heard, Council President Gallman declared the public speaking portion of the meeting closed.

Councilwoman Perkins-Auguste stated that the same freedom that this City Council gives to its residents, the Board of Education does not allow the same liberties. She continued that the public has to speak to City Council because they are not given

that opportunity at the Board of Education meetings. She stated further that City Council was working with residents and the Board of Education to allow them to speak.

Councilwoman Perkins-Auguste announced why should parents have to come to City Council to discuss Board of Education issues. She continued that she hopes the Commissioner that is here tonight will take this back to the other commissioners and allow the parents; allow the residents; allow the people to speak at the Board of Education meetings.

Councilman Cuesta spoke regarding the S.O.A.R. Program, stating that the City of Elizabeth pays toward this program.

Councilman Cuesta stated that it is important for Council to consider their parking issues. He continued that the Parking Authority is an autonomous body, but maybe Council can help them, maybe be with a reduced rate.

Councilman Gonzalez echoed the sentiments of his colleague. He stated that the City does pay the cost of the S.O.A.R. Program. He continued that when he recently applied to the Board of Education to use one of their facilities, Commissioner Trujillo made the comment that he uses the facility for political reasons. He stated further that he initially requested the use of the school from September to June, but only September was approved, so each month he will have to apply. Councilman Gonzalez stated that he hopes the Board of Education will continue to approve his requests.

Councilman Mazza stated that he has tried to extend the olive branch for years. He continued that this parking situation is a problem because every students drives to school and they need parking also. He stated further that we have to provide the teachers with spaces to park. Councilman Mazza announced that someone wrote a letter to City Council requesting to waive the fees for parking, but the Parking Authority responded that it could not be done.

Councilman Mazza stated that the Board of Education has to find the money to provide parking for the teachers. He continued that the teachers should be compensated for parking. He stated further that when the Board of Education decided to build the new building, parking should have been considered. He suggested that they could go to the "Chris Bollwage" Parking Garage.

In closing, Councilman Mazza stated that City Council could send a letter to the Parking Authority, but they would make the decision. He wished Mr. Trujillo "good luck."

Councilman Cedeno thanked Mr. Carey for bringing the situation at 435 Westminster Avenue to his attention. He stated that he would stop by there tomorrow.

Councilman Cedeno stated that the parking situation is outside the realm of City Council, but Council supports them. He continued that when he requested the use of Board of Education facilities, he has to ask each month for approval.

Council President Gallman announced that the most important issue is that we work together, very important. He continued that the City does pay for the S.O.A.R. Program.

Council President Gallman stated that City Council does hear their "cry" and they have their support. He continued that the only thing they could do is to ask.
